

# Soil Health Workshop

## PLEASE JOIN US

Buz Kloot and Carl Coleman will discuss the importance of various conservation methods commonly used in agriculture to improve soil health and productivity. Come see how conservation methods can make your farm more profitable.

Soil health demonstrations will be presented by Nathan Lowder of USDA - Natural Resources Conservation Service.

Stanly County Agri-Civic Center  
26032 Newt Road  
Albemarle, NC 28001
